SPECIAL TELEGRAM TO THE DISPATCH.

TYRONE, Dec. 28.—It has developed today that late on Saturday evening the Tyrone Bank and C. Guyer, A. B. Hoover and P. Flynn surrendered to A. A. Stevens...

Mr. Stevens took charge of the assigned property this morning, and promises a careful statement of the affairs of the bank, and as soon as appraisers can be appointed by the court will hold an appraisal.

There were 200 or more in attendance at the meeting at Napa's Opera House this afternoon. Hon. S. R. Isenberg was made chairman. J. E. Riddle stated the object of the meeting, and concluded by asking for an executive committee.

Attorney Balbridge, from Hollidaysburg, representing the creditors, stated that an assignee had been appointed. He did not see how anything could be done until the assignee had an inventory of the assets and liabilities with the probatorian.

Mr. Riddle offered a resolution requesting Mr. Stevens to retire as assignee, and while the matter was under discussion a number of the creditors to object to Mr. Stevens, yet there was no second to the resolution. A motion to raise a fund by subscription, to be used if necessary in any proceedings that may arise, was postponed until another meeting, to be called by the President. Moderation prevailed.

A TRAGIC DEATH AT 108.

Antie Henrietta Harrison, a Harrisburg Centenarian Born to Death.

HARRISBURG, Dec. 28.—(Special.)—Antie Henrietta Harrison, an ex-slave and 108 years old, was roasted to death this afternoon while endeavoring to light a pipe.

She had been confined to her bed for several weeks, and although physically feeble, lived with her niece, who worked out all day. In attempting to light her pipe, her candle wrapper caught fire, and she was immediately enveloped in flames.

Antie Henrietta was born in South Carolina in 1793, and lived there in slavery until the emancipation proclamation was issued. Then she moved to Williamsport, Md., where, in spite of the fact that she was over 70, she married. Her husband, who was about the same age, died shortly after the marriage. The old woman came to Harrisburg and supported herself by washing clothes for two or three years, when her niece cared for her. The extreme age of the woman is vouched for by a number of persons.

How to Break Up a Severe Cold.

When we find a medicine we know to possess genuine merit, we consider it our duty, and we take pleasure in telling the public what it is. Such a medicine we found Chamberlain's Cough Remedy. We have received, in a few hours, severe colds, and in the course of two or three days, entirely broken them up by its use, as have several of our friends to whom we have recommended it. It is all represented to be by the manufacturer. If you have a cough and want to stop it, Chamberlain's Cough Remedy will do the work.

Why Chamberlain's Cough Remedy is So Popular.

Mr. L. G. Moore, the leading druggist at Point Arena, Cal., says: "I have sold Chamberlain's Cough Remedy for more than a year, and find it one of the very best sellers I ever kept in stock. But this is not all; the remedy gives satisfaction to my customers. It is especially liked for its soothing and quieting qualities. It will loosen and relieve a severe cold in less time than any other treatment."

No baking powder is gaining public favor so rapidly as Cleveland's.

One reason is people like to know what they are eating, and the composition of Cleveland's baking powder is given on every label.

Amo many baking powders containing ammonia or alum are widely advertised as "absolutely pure," the best way is to refuse any brand the composition of which is concealed.
